28 February 1952

SECURITY INFORMATION

MEMORANDUM FOR: CHIEF OF PLANS, OFFICE OF DEPUTY DIRECTOR (PLANS)

THROUGH : Acting DADPC 25X1C

SUBJECT : D/D Plan for Utilization of [REDACTED]
under PL 165 (NSA) -- Report No. 3

REFERENCE : Memorandum 16 February 1952, to same addressee
(TB 59175 and attachments thereto); copies to
all concerned

1. Since the submission of referenced document(s), the Joint Committee has met on occasion to review the comments of the Services, reword certain parts of the Plan for strength, and incorporate into a draft memorandum for SECDEF (Tab "B") the political apprehensions of heavy stress by CINCEUR in his answer to a cable sent by CS/DA in lieu of an earlier considered Telecom session which, for security reasons, was ruled out.

2. The attached is the "purpled" production of the committee, and is now in the hands of the CS/DA for forwarding to the JSPC where, if accepted -- and with such ulterior refinements as may be necessary -- it will be green-sheeted and tabled to the JCS for action on Friday, 29 February.

3. It is visualized that, if and when approved by JCS and SECDEF and the overall concept is blessed by the Congressional sponsors, it will be referred by SECDEF to the State Department, the PSB, and conceivably the NSC for resolution of the political implications or features, prior to securing the Director's or Presidential "green light" (Section 101.(A)(1), PL 165, 82d Congress).

4. In view of the foregoing and since, if the present project does consummate favorably, General Smith as DCI, associate of NSC, and Chairman of the PSB will have a triple interest, it is suggested that he be lined in on the proposition prior to its next referral to State and PSB or to the NSC. To such end, I shall endeavor to keep [REDACTED] and [REDACTED] with timeliness apprised of the progress of or status of the Plan within the Department of Defense.
